OBJECTIVE

Data-driven marketing analyst specializing in consumer behavior analysis, campaign performance modeling, and insight-driven decision making using Python, R, SQL, and Tableau.

EXPERIENCE

- Marketing Data Analyst, Homery/ILVE USA** 06/2025 – Present | New York, NY
- Analyzed **campaign performance data** using Excel, GA4, and SQL to identify high-performing audience segments, improving marketing ROI by 35% and increasing website traffic by 60%.
 - Built **automated data pipelines and KPI dashboards** to track marketing metrics including CAC, CTR, and conversion rates, enabling data-driven campaign optimization
 - Conducted **A/B testing and cohort analysis** to evaluate marketing effectiveness and refine targeting strategies
 - Cleaned and transformed marketing datasets using **Python and SQL** to support exploratory data analysis and performance reporting
 - Developed **Python automations and HTML scripts within Odoo ERP** to streamline operational workflows and improve data accessibility
 - Performed **SEO performance analysis and keyword strategy**, increasing domain authority from **14 to 41**
- Marketing Intern, Columbia University Office of Student Wellness** 01/2024 – 12/2024 | New York, NY
- Performed **exploratory data analysis and statistical analysis** on student behavioral data using **R, Excel, and Tableau**, identifying trends that increased event attendance **15%**
 - Developed **Tableau dashboards and data visualization charts** to track engagement metrics, campaign performance, and student participation
 - Designed and implemented **A/B testing frameworks** to evaluate marketing messaging and improve campaign engagement **20%**
 - Synthesized analytics insights into presentations and reports to support program decision-making
 - Coordinated outreach across **1,000+ students**, managing communication campaigns and stakeholder engagement
- Marketing/Data Research Assistant, EMBARK Lab** 06/2022 – 09/2023 | Madison, WI
- Conducted **patients behavior analysis** using R and Excel to evaluate marketing campaign performance and optimize audience targeting strategies.
 - Developed **cross-channel marketing strategies** informed by audience segmentation and engagement analytics
 - Collected, cleaned, and analyzed marketing datasets using **R, SQL, and RedCap**
 - Tracked campaign performance metrics including **CTR, engagement, and ROI** to support strategic marketing decisions
 - Redesigned the lab's **WordPress website and digital branding**, improving user experience and brand consistency
- Data Analyst Intern, China Huadian Corporation Hunan Company** 06/2021 – 06/2021 | Changsha, China
- Developed **predictive analytics models** using Python and regression techniques to forecast user engagement and website traffic trends.
 - Performed **data preprocessing, cleaning, and feature engineering** to improve model performance
 - Developed reporting dashboards in **Tableau** to monitor daily hydropower database updates
 - Collaborated with software development teams to debug and update website infrastructure using HTML

RESEARCH

- Marketing Research Analyst | Capstone Project,** 09/2024 – 12/2024
The Children's Museum of Indianapolis | Fall 2024
- Conducted **exploratory data analysis (EDA)** using Python and R on visitor behavior and engagement data
 - Applied **decision tree models, clustering algorithms, and sentiment analysis** to identify drivers of visitor engagement
 - Built **interactive Tableau dashboards** visualizing customer segments, engagement trends, and membership conversion metrics
 - Delivered stakeholder presentations translating analytical findings into strategic recommendations
- Marketing Analyst | SPS Student Events Feedback Analysis,** 04/2024 – 12/2024
Empowering Wellness Initiatives with Advanced Data Analytics
- Analyzed student feedback datasets using **R and Excel**, performing sentiment analysis and statistical evaluation of program outcomes
 - Built custom **R functions and tidytext pipelines** to quantify qualitative feedback data
 - Created data visualizations and dashboards in **Tableau** to support program strategy and improve attendance **15%**

EDUCATION

- Columbia University, Master of Science, Applied Analytics** | GPA 3.64 09/2023 – 12/2024 | New York, NY
- University of Wisconsin-Madison,** 09/2019 – 06/2023 | Madison, WI
Bachelor of Science, Statistics & Minor in Studio Art | GPA 3.658
